C.A.B Patrimoine

COMPANY PROFILE

Advising. Building. Preserving.

C.A.B Patrimoine considers real estate, corporate participations and physical assets from an ownership perspective. Founded by Claude Beulens-Burke.

Real estate

Acquisition, sale and holding of real estate; participation in development projects. Property, documentation, use, maintenance and project feasibility belong to the assessment.

Finance & participations

Holding interests in commercial, financial, movable-asset and real-estate companies; related structuring and financing within the statutory purpose. Loans or guarantees may be considered where in the company's interest.

Precious metals & physical assets

Gold and diamonds considered as physical investment and holding assets. Identity, provenance, independent assessment, custody, insurance and resale conditions call for specific examination.

Approach & potential partnerships

A dialogue begins with the asset, the parties and the purpose. Roles, information needs, resources, decision rights and conditions should be clarified before any commitment.
